

M&A, Business Transfers, and Restructuring in Financial Services

The global financial crisis triggered significant reshaping of the financial services sector. As part of this reshaping, we are advising global and regional financial institutions on share sales, business and asset sales, joint ventures, portfolio transfers, statutory business transfers, good bank/bad bank transactions, reorganizations and restructurings, and the international and local regulatory changes that impact the structure of financial institutions.

Our global M&A team works seamlessly with our regulatory team and other lawyers from across the firm to provide you sector-focused advice.

Representative experience

Advised Erste Abwicklungsanstalt on its €71bn acquisition of assets from WestLB.

Advised TSB Bank plc on the acquisition of £3.3bn of former Northern Rock mortgages and loans from Cerberus Capital Management group.

Advised the Government of Iceland on the US\$2.1bn restructuring of the Icelandic banking sector.

Advised Western Alliance Bancorporation on its US\$425m acquisition of Bridge Capital Holdings.
